The Tucker Biokinetic Technique looks for imbalances in the body because all trauma, structural weaknesses and systems in overload can show up as imbalances anywhere in the body. Then using the horse's own energy, I re-establish communication pathways so healing can occur.

I do not diagnose, treat, prescribe, or make any medical claims. Always seek the advice of your vet with any questions you may have regarding a medical condition. If you think you have a medical emergency, call your vet immediately. I will also work closely with your veterinarian if your horse needs to be in their care.
